Our mission and passion is to make premium, fully customized cycling apparel that is 100% Made in Italy. From design concept to order delivery, our exceptional team will ensure that you and your teammates look forward to wearing your new kit year after year.

La nostra missione e passione è quella di produrre abbigliamento da ciclismo di alta gamma completamente personalizzato e 100% Made in Italy. Dal design alla consegna dei capi, il nostro Team farà in modo che Voi e i vostri compagni non vediate l'ora di indossare il vostro nuovo kit anno dopo anno.

How to Order in 5 easy steps

The Italian Ftech Design Centre is at your disposal to help design and create exclusive products with superior designs that will ensure maximum visibility and exposure.

1. CONTACT US FOR A FREE QUOTATION

Contact us at info@ftech.it for a free quotation.

Our fees are based on order size for jerseys, bib shorts, accessories.

Come ordinare in 5 passaggi

Il nostro design center in Italia è sempre a vostra disposizione per aiutarvi a creare prodotti esclusivi e darvi suggerimenti su come rendere il vostro brand cool e visibile in tutte le strade del mondo.

1. RICHIEDETECI UN PREVENTIVO GRATUITO

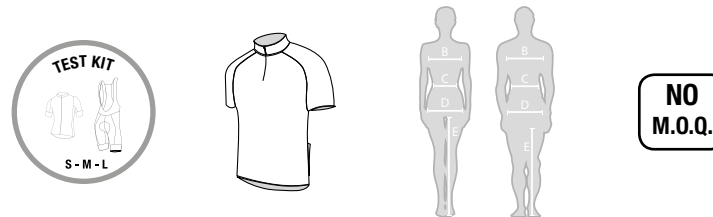

Contattateci a info@ftech.it per ricevere un preventivo.

Il costo dipenderà dal numero di capi, maglie, pantaloncini, accessori di cui avrete bisogno.

2. QUANTITY AND PRODUCT INFO

You will need to provide us with your order quantities and sizes. The Ftech sizing chart is a great tool to assist you in choosing your size.

If you are still concerned we offer a partial delivery option (test kit) for suggested sizes S, M, L (bib & jersey) that you can use to confirm final sizes. This partial order will be produced using the final approved graphic. Take note that delivery time frames may be impacted. By using this test kit you can confirm the sizing, evaluate the fit and quality and even test the kit in different riding conditions.

2. RACCOLTA INFORMAZIONI E QUANTITA'

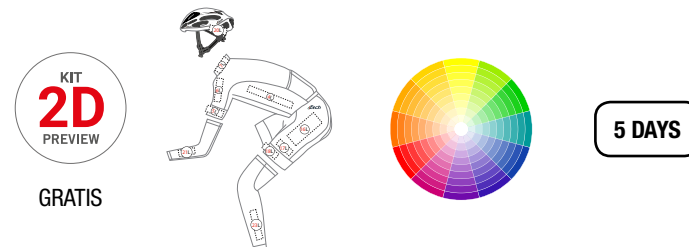

Una buona idea è raccogliere dal vostro Team le quantità e taglie dei capi da ordinare. Il nostro grafico taglie (sizing chart) è una ottima soluzione per visualizzare ogni singolo capo e scegliere la taglia desiderata.

Se al momento dell'ordine avete dei dubbi, consigliamo di richiedere un campione di maglia e pantaloncino in almeno 3 taglie (S,M,L) che verrà prodotto con la grafica definitiva. Praticamente un anticipo di quello che poi riceverete. In questo caso, i tempi di consegna dell'ordine finale saranno più lunghi. Con questo Test Kit sarete in grado di effettuare uscite in bici, analizzare la qualità, capire il fit.

3. 2D DESIGN PROPOSAL, LOGOS, COLOURS

Our experienced team can produce a free of charge 2D design kit proposal within 5 days after receiving your instructions. The proposal will be based on an interpretation of your design ideas, logos, colour requirements and/or any other relevant information.

We will allow up to two modification requests where-after a fee of EUR 50 will be charged for additional changes.

3. PROPOSTA GRAFICA 2D, LOGHI, COLORI

Inviare idee, loghi, colori, qualsiasi informazione che possa aiutarci a capire la vostra richiesta. I nostri grafici metteranno assieme il tutto e replicheranno con una proposta grafica in 2D del kit maglia/pantalone entro 5 giorni. No spese.

Avrete altre 2 possibilità per modificare la grafica, se necessario. Oltre a ciò addebiteremo 50 euro per ogni modifica.

How to Order in 5 easy steps

4. ORDER CONFIRMATION

To complete the ordering process you will need to submit your final signed order – quantities, sizes, prices and final approved design. Once accepted we will supply you with final order confirmation and reference number that can then be used for further enquiries/communication.

Orders submitted by the customer are considered complete and final. Ftech is not able to guarantee that additional orders will be shipped with the same delivery date as the original order.

IMPORTANT: additions to current order and future re-orders will be accepted only as a new order and will be invoiced at the rate corresponding to the new order quantity.

5. DELIVERY AND PAYMENT

Production will start after receiving your 100% payment.

Your order will be ready no later than 30 business days.

We reserve the right to split the delivery of your order when production is delayed. You will not be charged for any additional delivery costs. We accept the following payment methods: PayPal, Credit cards and bank transfers.

DAYS

MODIFICATION OF GARMENTS AND WARRANTY

All our garments, from the beginning, are designed, engineered, tested, produced in a meticulous way; everything must be perfectly assembled.

Sometimes there are required changes of components (for example: zip, elastic and/or fabrics) or structural changes (fit or modeling). This can affect both the efficiency of the performance and the wearability of the original product. For this reason, we reject requests for these changes unless previously authorized.

WARRANTY

Ftech clothing is warranted to be free of defects of material or workmanship for a period of one year from date of sale. Damaged goods must be returned to ASG International Srl for inspection. ASG shall be the sole judge of warrantability. Warranty is void if, in our opinion, the product has been misused, improperly maintained, repaired, altered or modified in any way.

Products found to be defective will be repaired or replaced with products of similar function or a credit may be issued in ASG's sole discretion. In no case shall any credit exceed the original invoice price. Products not covered under this warranty will be returned.

Come ordinare in 5 passaggi

4. CONFERMA D'ORDINE

Approvata grafica, quantità, taglie, prezzi da parte vostra, via e-mail vi invieremo una conferma d'ordine con tutte le info relative a future richieste di informazioni.

Gli ordini confermati dal cliente sono considerati completi e definitivi. Ftech non garantirà che le aggiunte agli ordini saranno evase entro la stessa data dell'ordine originale.

IMPORTANTE: aggiunte all'ordine in corso e futuri riordini saranno accettati solo come nuovi ordini e fatturati ai prezzi corrispondenti alle quantità ordinate.

5. CONSEGNA E PAGAMENTO

Per avviare la produzione richiediamo il pagamento del 100% del valore dell'ordine.

La merce sarà consegnata entro 30 giorni lavorativi dal pagamento.

Ci riserviamo il diritto di consegne parziali dell'ordine nel caso la produzione subisca dei ritardi. Nessuna spesa di trasporto sarà addebitata nella seconda spedizione. Accettiamo PayPal, carte di credito, bonifico bancario.

MODIFICA DEI CAPI

Tutti i nostri capi, fin dall'inizio sono stati disegnati, progettati, testati, prodotti con cura maniacale in modo che tutto sia assemblato perfettamente.

Alcune volte ci vengono richieste cambi di componenti (cerniere, elastici, tessuti) o modifiche strutturali (cambio fit o modellistica). Questo va ad influire sull'efficienza della performance e vestibilità del prodotto originale. Per questo motivo rifiutiamo richieste di tali modifiche se non preventivamente autorizzate.

GARANZIA

Il nostro abbigliamento da ciclismo tecnico è garantito da difetti di fabbricazione e materiali per un periodo di un anno dalla data di acquisto. I capi difettati devono essere restituiti a Ftech (ASG International Srl) per l'ispezione. Ftech sarà il solo responsabile per l'attivazione della garanzia. La garanzia sarà invalidata se giudicheremo i capi utilizzati o lavati impropriamente, alterati, riparati, modificati.

I prodotti considerati difettati saranno riparati o sostituiti con prodotti similari o verrà accreditato l'importo dovuto. In ogni caso il credito non sarà superiore al prezzo fatturato. I prodotti che non saranno considerati in garanzia verranno restituiti.

- **RACE FIT:** skin-tight fit. Developed by our ASG Bike Science research center by using athletes that were positioned in the saddle so that aerodynamics is maximized.
- **REGULAR FIT:** close fitting; both aerodynamic and super comfortable. It carefully follows the body's anatomy to attenuate the wind resistance. Maximum comfort while pedalling in the saddle is guaranteed. The most popular choice by our customers.
- **COMFORT FIT:** the most comfortable fit. It follows the lines of the body without excessive compressions, thus ensuring an anatomically comfortable fit.

- **RACE FIT:** vestibilità super aderente. Sviluppata dal centro ricerche ASG Bike Science su atleti posizionati in sella nell'intento di massimizzare l'aerodinamica.
- **REGULAR FIT:** vestibilità aderente. Segue l'anatomia del corpo attenuando la resistenza al vento. Garantisce il massimo confort in sella durante la pedalata. La scelta più diffusa dai nostri clienti.
- **COMFORT FIT:** vestibilità comoda. Segue le linee del corpo senza compressioni eccessive per una vestibilità più ampia ed anatomica allo stesso tempo.

How to choose the size

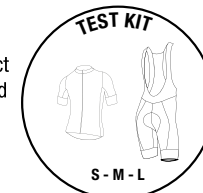

Unfortunately we cannot accept responsibility or returns for incorrect sizing decisions which means care must be taken when ordering and confirming size curves.

Our Ftech size chart is a great tool to assist in this process.

If you are still concerned we offer a partial delivery option (test kit) for suggested sizes S, M, L (bib & jersey) that you can use to confirm final sizes. This partial order will be produced using the final approved graphic, keeping the same prices as the original order. Take note that delivery time frames may be impacted.

By using this test kit you can confirm the sizing, evaluate the fit and quality and even test the kit in different riding conditions.

Our products are designed to offer the most comfortable fit in all riding positions. Cycling Bibs might look stretched when standing upright which is normal.

Come scegliere la taglia

L'abbigliamento personalizzato NON si può cambiare in quanto prodotto su precise scelte del cliente. Per questo è molto importante che si ordini la giusta taglia.

La nostra tabella taglie aiuta a guidarvi alla scelta corretta.

Se al momento dell'ordine avete dei dubbi, consigliamo di richiedere un campione di maglia e pantaloncino in almeno 3 taglie (S,M,L) che verrà prodotto con la grafica definitiva e applicando lo stesso prezzo dell'ordine. Praticamente un anticipo di quello che poi riceverete. In questo caso, i tempi di consegna dell'ordine finale saranno più lunghi.

Con questo Test Kit sarete in grado di effettuare uscite in bici, analizzare la qualità, capire il fit.

Il fit dei nostri capi è stato studiato in posizione corsa. In piedi i pantaloncini con le bretelle hanno delle tensioni davanti. Questo è normale.

Customer signature - firma del cliente

It is not common knowledge that few bicycle clothing brands have their own production facilities. Ftech, however, can boast about not only our own production facilities but our world-class research and development team of ASG Bike Science to drive innovation.

The Ftech production facilities and ASG Bike Science clothing fitting labs are based in Mussolente in the north-east of Italy near Bassano del Grappa.

Forse non è largamente conosciuto, ma pochi marchi di abbigliamento per bici possono vantarsi di avere la produzione propria. La maggior parte dei brand preferiscono affidarsi a produttori terzi invece di investire in sviluppo e ricerca.

Ftech ha la propria sede produttiva ed un innovativo centro di ricerca ASG Bike Science "clothing fitting" a Mussolente nel nord est dell'Italia vicino a Bassano del Grappa.
